Simple. Smart. Secure.

The Homeguard 1080P Full HD Smartcam with Temperature & Humidity Alarm is an advanced security product that turns your PC, Smartphone or Tablet into an enhanced home monitoring system, allowing you to view live footage, set temperature & humidity alerts, speak to your family all using your connected Smart device. Gives you a ultra wide angled, 120° view of your room to ensure your home and family members are safe and secure at all times. With its integrated Temperature & Humidity sensor you can set it to alert you if your room gets too hot or cold, and it also works through the night providing hi-resolution images and video even in complete darkness thanks to its built in infrared night vision capability. To give you complete peace of mind there is a handy 2 way audio feature that lets you speak and listen through the camera using your PC, Smartphone or Tablet.

Features

- Superb Picture Quality with Full HD 1080P Resolution
- Environmental Sensor for monitoring of Temperature and Humidity with Alarm if preset limit is reached via PC, Smartphone and Tablet for added peace of mind
- Remotely View Camera via PC, Smartphone and Tablet
- One key WiFi configuration via Smart App
- Ultra-wide viewing angle 120°, High Quality 2-way Audio
- Easy Setup, 100% Plug&Play via iOS, Android, Windows PC and Mac
- Local MicroSD storage up to 128GB(card not included)
- Motion Detection, Send Image or video to MicroSD card/FTP/Email
